

TAB launches investor platform

News

25.02.21

TAB is delighted to announce the launch of its new investor platform. Powered by TAB Tech and designed with the investor in mind, the TAB platform aims to provide a seamless investment journey into bridging loans, development finance and fractional property.

With features to help investors navigate and understand the performance of their investments, including:

- a **dashboard overview**, which provides both consolidated and detailed views of investments as well as downloadable statements.
- the **TAB Market**, which allows investors to view all of our investment opportunities in one place
- a **streamlined onboarding process**, it takes just ten minutes for people to sign up and have their identity verified.

Investors can open different types of accounts including individual, joint and corporate. In the future TAB will be offering Trust and SIPP accounts through the platform as well. This variety enables investors to customise their investment experience, selecting the products and investment vehicle in a way that lets them build their portfolios in accordance with their investment goals.

TAB's platform has opened up investment opportunities for many; with a £1,000 minimum investment, it makes an investment into the UK property market significantly more accessible.

Coupled with the platform launch is an evolution of the TAB brand. The new website aims to provide greater detail on the TAB products, both for investors and borrowers and the refresh aligns the brand with our values.

Our sales team has refined the loan origination strategy to ensure we have ample investment opportunities for our investors, and over the next year, we'll be increasing our efforts into fractional investments. Further down the line, borrowers and brokers will have access to a version of the platform as well, where they can apply for loans, track the progress of their applications and loan performance through their own dashboard.

Capital is at risk. Property values can go down as well as up. Borrowers may default and investments may not perform as expected. Interest and income are not guaranteed. Returns may vary. You should not invest more than you can afford to lose. TAB is not authorised by the Financial Conduct Authority. Investments are not regulated and you will have no access to the Financial Services Compensation Scheme (FSCS) or the Financial Ombudsman Service (FOS). Past performance and forecasts are not reliable indicators of future results and should not be relied on. Forecasts are based on TAB's own internal calculations and opinions and may change. Investments are illiquid. Once invested, you are committed for the full term. Tax treatment depends on individual circumstances and may change.

You are advised to obtain appropriate tax or investment advice where necessary. Understand more about the key risks [here](#).

TAB is a trading name of TAB London Limited. Registered in England and Wales with registration number: 11225821 and whose registered office is at 101 New Cavendish Street, London W1W 6XH.
