TAB has been included in the ranks of 101 commercial companies in London, and we’re incredibly proud.

Best Startup London tracks over 100,000 London based startups and over 500,000 people who hold key positions in these companies. They use this directory of startups to highlight top employees, founders and organisations they think deserve more appreciation than they are currently getting.

Last year, they ranked the top 101 commercial companies in London. The companies, startups and institutions that made it into the list are all deemed exceptional companies.

They selected the organisation based on:

- Track record
- Executive leadership
- Market share
- Innovation
- ESG rating

> This is a fantastic achievement for TAB and we are delighted to be recognised alongside some outstanding up and coming businesses. We continue to work towards our ambitious growth targets and are confident that we can meet them thanks to our increasingly diverse funding sources, our constantly evolving tech platform and the impending launch of a new longer dated product, TAB Mortgage. Thanks again to Best Startup London for including us in this cohort.
