## TAB's quick fire questions

### **How long have you worked at TAB?**

I have worked at TAB since the summer of 2021 following a series of roles in property auctions, investment agency and development finance.

All have proven exceptionally valuable and have taught me more than I had even realised by the time I joined TAB.

Need I say the cliché..? Every day is still a school day!

### **What does your role at TAB involve?**

My role is focussed around origination and business development for the business. My day to day responsibilities can vary, but ultimately come back to making sure that our brokers and borrowers know exactly who we are, what we do and how to get their business placed with us. Once that's been achieved, I remain on hand to ensure their journey working with us remains as seamless as possible and that the level of service is kept to the absolute maximum!

### **What's the best thing about working at TAB?**

As cringey as it might be, the answer to this HAS to be the wonderful people around me. This is definitely down to the senior teams belief that it's important to surround oneself with good people.

This all translates to an amazing culture in our business and makes working alongside my colleagues a real pleasure. I've seen that people can make or break a business environment, so I count myself lucky to have these great people around me every day.

**What is your favourite band or artist?**

Wow this really does change daily. Something up-beat is always good!

**If you could have one superpower, what would it be?**

I would love to be fluent in every language.

**What is your favourite restaurant?**

Not fussy - just make sure it's nice!

**What is your favourite holiday destination?**

TBC! I need to keep visiting more and more places, so I can actually decide!

**What is your daily coffee intake?**

Only two to three... in the morning. Then some more through the day.

**Capital is at risk.** Property values can go down as well as up. Borrowers may default and investments may not perform as expected. Interest and income are not guaranteed. Returns may vary. You should not invest more than you can afford to lose. TAB is not authorised by the Financial Conduct Authority. Investments are not regulated and you will have no access to the Financial Services Compensation Scheme (FSCS) or the Financial Ombudsman Service (FOS). Past performance and forecasts are not reliable indicators of future results and should not be relied on. Forecasts are based on TAB's own internal calculations and opinions and may change. Investments are illiquid. Once invested, you are committed for the full term. Tax treatment depends on individual circumstances and may change.

You are advised to obtain appropriate tax or investment advice where necessary. Understand more about the key risks [here](#).
