What is property development? In our latest TAB tip video, Dani and Kobi both help to break down the answer to this question.

TAB's property development finance is a short-term funding solution for up to 24 months for projects based in London and the home counties. TAB property development loans are designed to unlock capital to assist with ground-up developments, conversions, heavy and light refurbishments and finish and exit property projects.

Capital is at risk. Property values can go down as well as up. Borrowers may default and investments may not perform as expected. Interest and income are not guaranteed. Returns may vary. You should not invest more than you can afford to lose. TAB is not authorised by the Financial Conduct Authority. Investments are not regulated and you will have no access to the Financial Services Compensation Scheme (FSCS) or the Financial Ombudsman Service (FOS). Past performance and forecasts are not reliable indicators of future results and should not be relied on. Forecasts are based on TAB's own internal calculations and opinions and may change. Investments are illiquid. Once invested, you are committed for the full term. Tax treatment depends on individual circumstances and may change.
